File Upload

- Uploading a data file is an alternative method of reporting besides manually inputting your data into the data collection system
 - There are predetermined layouts for each survey
 - fixed-length text file
 - comma-delimited file
 - Both types are offered for all surveys

File Upload, Continued

- The record layouts are available in the data collection system, as well as on the IPEDS web site
 - <http://nces.ed.gov/ipeds/web2000/importsp.asp>
- The layouts may change based on revisions to the survey forms
- Import specifications for all three data collections will be available by July 30, 2003

What Good Comes
of This?

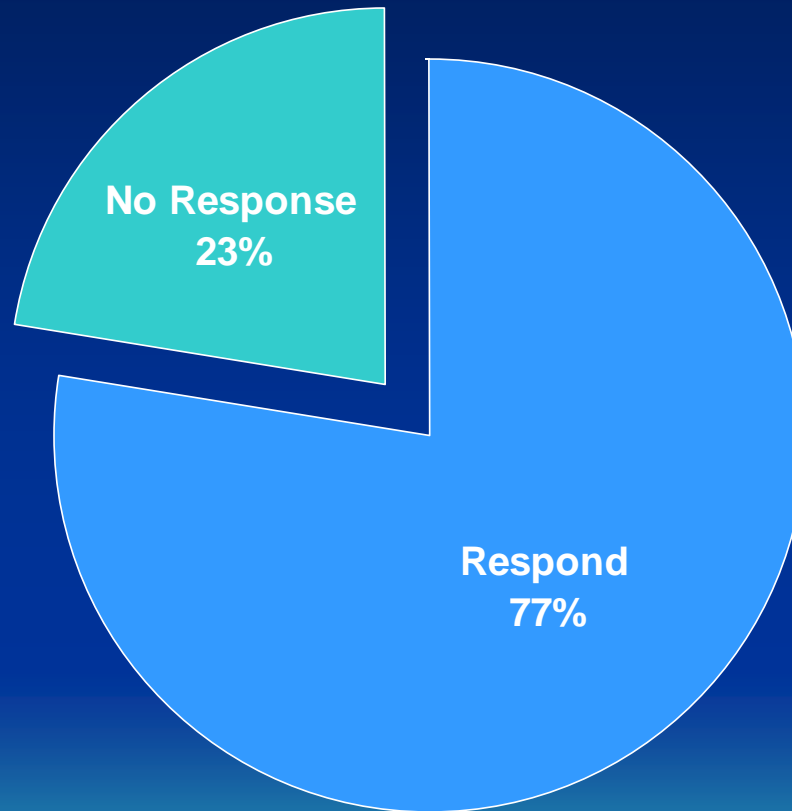

Appears that...TCU SFA

- 79.1 percent receive some form of financial aid
- 65.1 percent receive federal grant aid; \$2,200 average
- 15.6 receive state grant aid

- Required Tuition/Hr 65.08 (Average)
- Required Fees total \$262.58 (Average)

TCUs Response to IPEDS 2000 Institutional Characteristics Survey

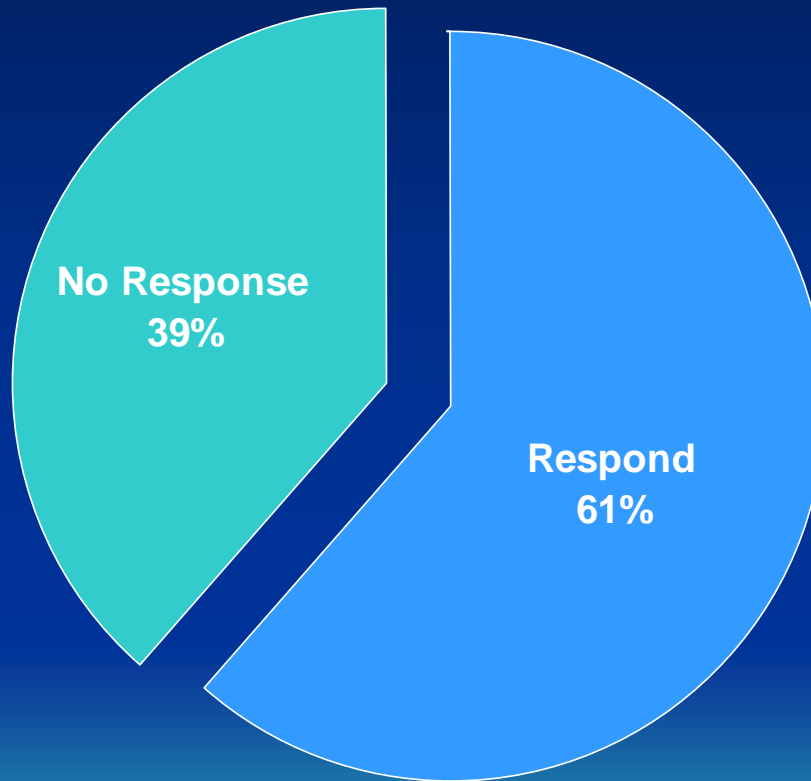

Appears that...TCU Faculty Salaries

- Average TCU salary is \$23,092
- The highest TCU faculty salaries are \$52,507
- The lowest TCU faculty salaries are \$22,747

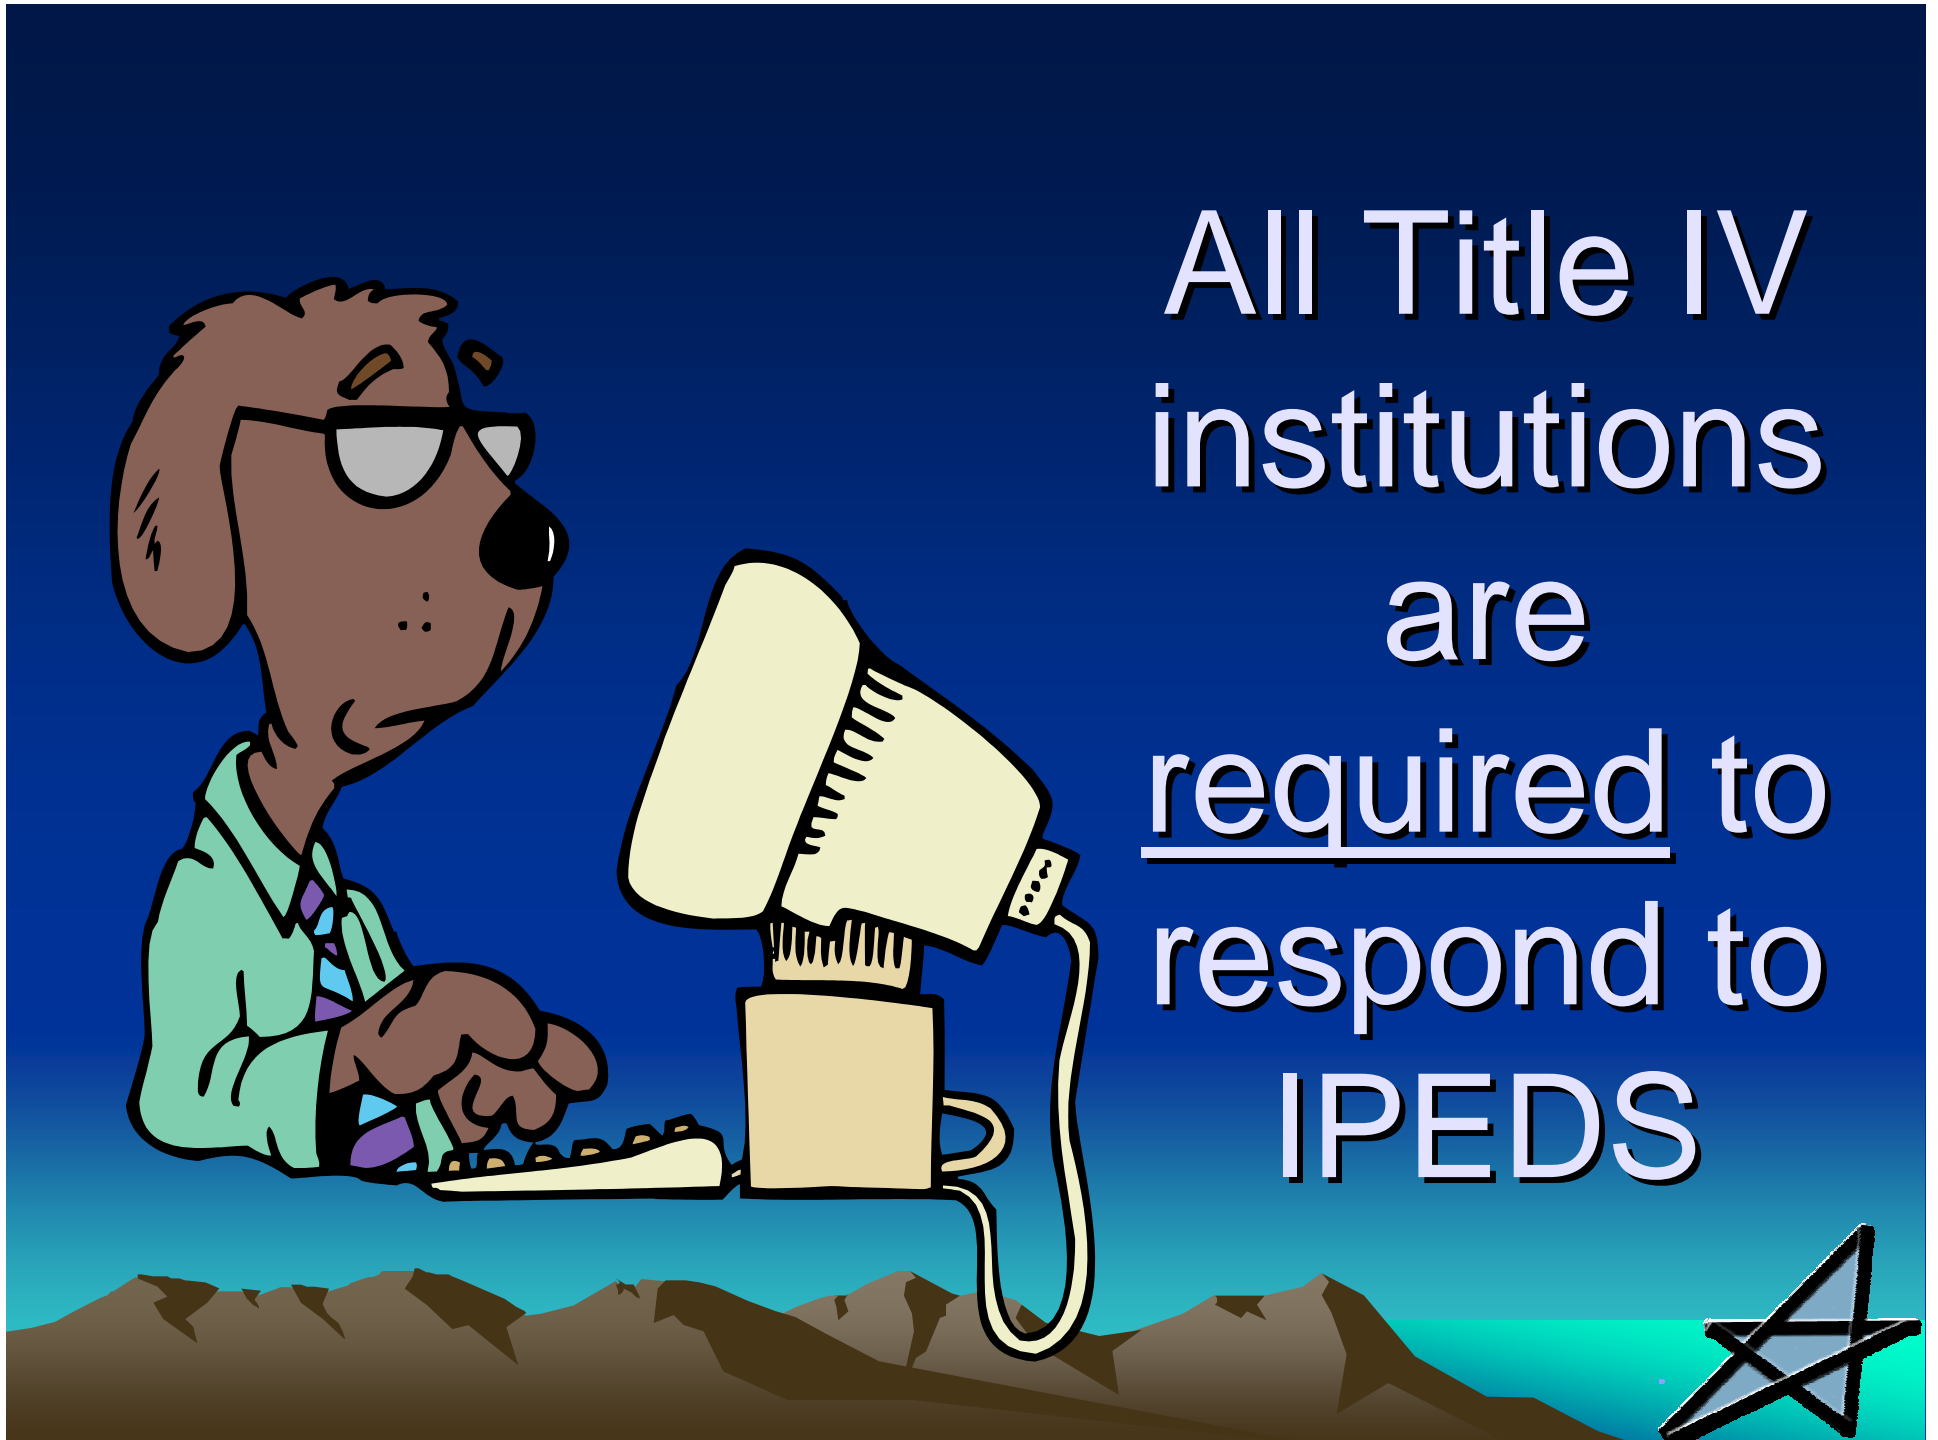

TCUs Response to Total IPEDS 1998-1999 Faculty Salaries Survey

Title IV Compliance

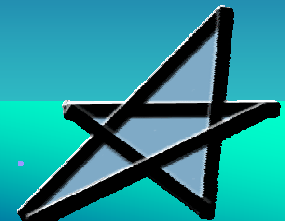

All Title IV
institutions
are
required to
respond to
IPEDS

Statutory Mandate

- Section 490 of the Higher Education Amendments of 1992 (P.L. 102-325) requires that "... institutions will complete surveys conducted as part of the Integrated Postsecondary Education Data System (IPEDS)...in a timely manner and to the satisfaction of the Secretary."

Which means...

- Institutions are required to complete all of the IPEDS surveys in order to satisfy the requirements of the HEA.
- Full and complete responses will be required - an institution must “lock” a survey to be considered a respondent.

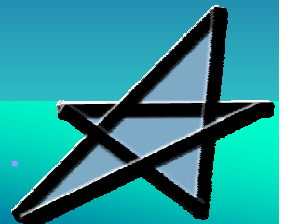

Nonrespondent Lists

- During the 2003-04 collection year, NCES must compile a list of non-respondents to each of the surveys.
- Nonrespondent lists are verified and forwarded to the office of Federal Student Aid, within 45 days of closeout, for appropriate action.

FSA List

- 470 Institutions failed to submit at least one part of IPEDS in 2002-2003.
- 80 institutions were sent letters last week saying they faced fines of at least \$10,000 or more and could lose their eligibility for FSA if they do not submit data for 2002-2003

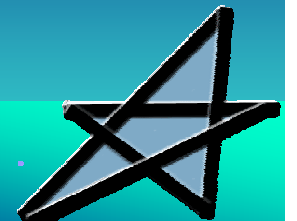

Changes For 2003-04

Correction of Prior Year Data

- Correction of 2002-03 survey data will be possible during 2003-04 collection.
- Only data collected in 2002-03 will be available for correction
- Call Help Desk or your coordinator to indicate changes are needed
- Data will need to be edited, locked, and remigrated
- Corrected/revised data will be available through PAS

Customized Collection

- Screening questions (SQs) are used to determine survey applicability or to generate customized data screens
- SQs may be asked during the same collection (eg, special CIPs on EF, sports on GRS)
- SQs from a previous collection may also be used (eg, IC cohort question for GRS, IC SQ for Salaries applicability)

No Longer A Tryout...

- Data items that were optional in 2002-03 will be mandatory in 2003-04

New This Fall

- Institutional Characteristics
 - New items:
 - E-mail address of CEO
 - Link to institution's Mission Statement (or short text description of same)
 - Completions
 - New, easier-to-use CIP selection screen with enhanced program search utility
 - Optional reporting using CIP2000
 - The new SEVIS reporting system (US Immigration and Naturalization Service) requires that institutions use CIP2000 now.
 - IPEDS will make reporting using CIP2000 available next year, so that schools do not need to maintain two CIP versions...

Fall 2003 Completions

- Completions
 - New, easier-to-use CIP selection screen with enhanced program search utility
 - Optional reporting using CIP2000
 - The new SEVIS reporting system (US Immigration and Naturalization Service) requires that institutions use CIP2000 now.
 - IPEDS will make reporting using CIP2000 available next year, so that schools do not need to maintain two CIP versions...

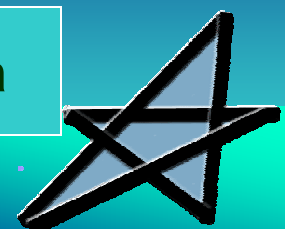

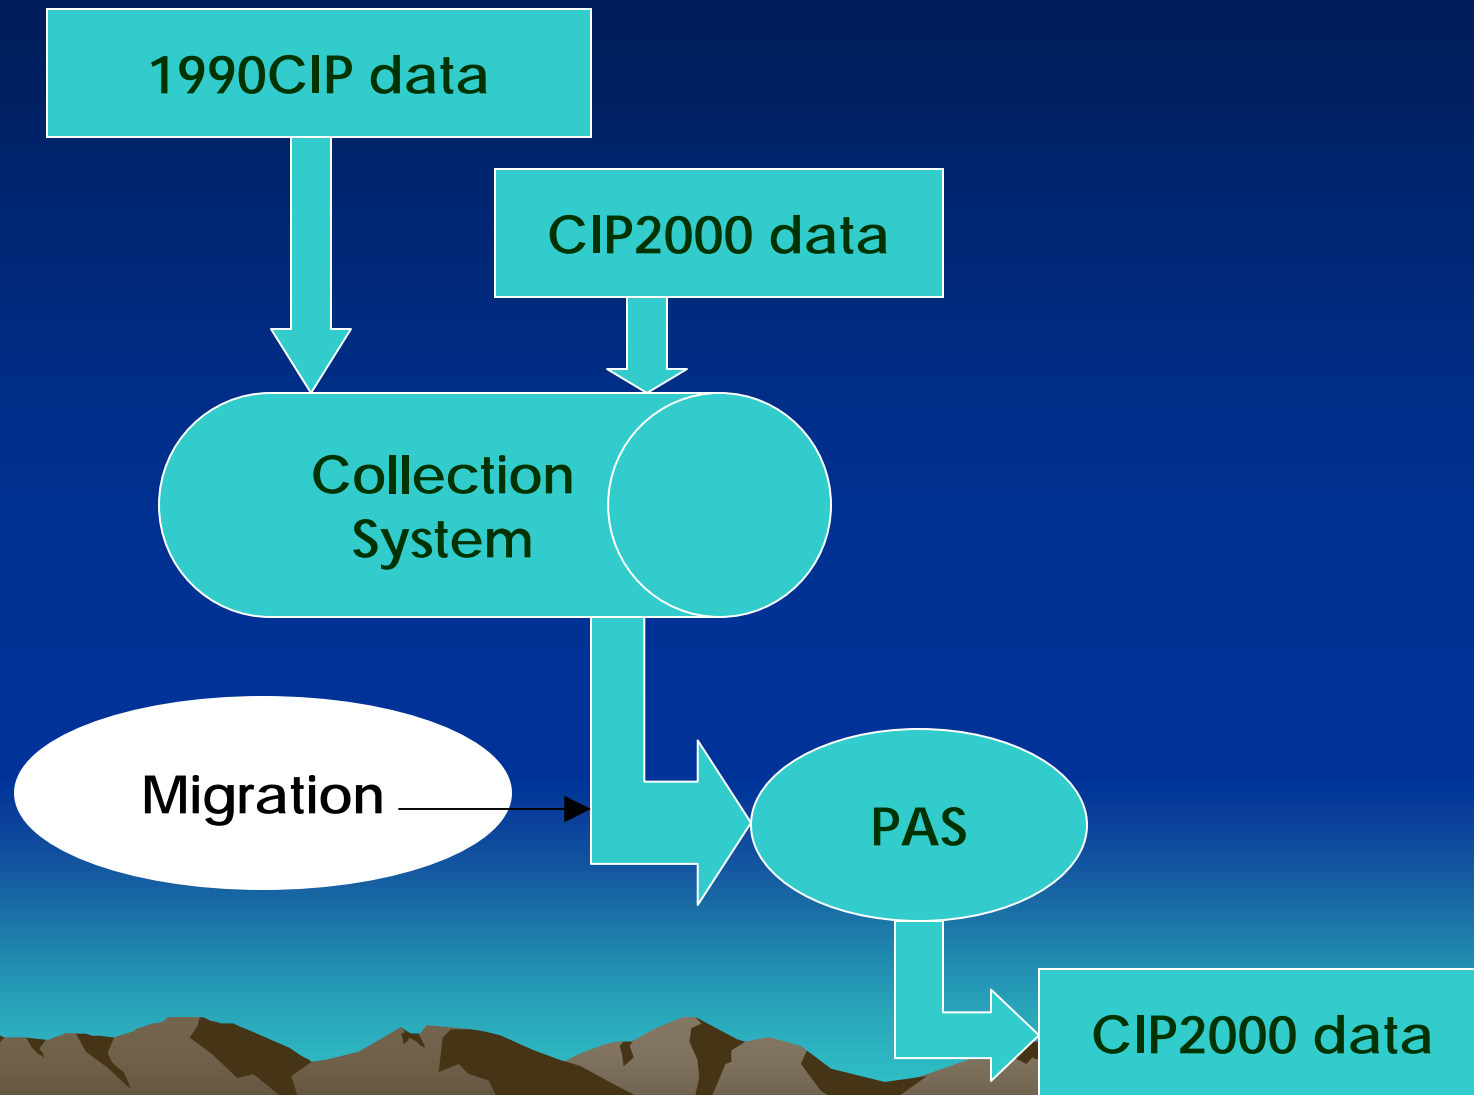

Completions and CIP

- Respondents will specify which CIP version they're submitting
- Data will be stored in the data collection system in the version in which they were submitted
 - Data printed out or downloaded will be returned as submitted
- 1990 CIP codes will be converted to CIP2000 codes for data release (Peer Analysis System, etc)

How CIP conversion will work
